PROJECTS

Pharmacy Store Website

In doing this project, I actually understand about RESTful API with nodejs, client side rendering and how authentication with JWT works. I know basic Reactjs, Mongoose as well. I deployed Node server on Heroku and the client side on Firebase.

Free Book Website

In doing this project, I actually understand about server side rendering with Nodejs, Express, Ejs template and how authentication with session-cookie works. I know basic Mysql, Sequelize as well. All data from this project I crawled from sachvui.vn. In the end, I deployed my node application on Heroku.

My Portfolio

Portfolio site created to showcase my skills and my project.

Built responsive front-end using HTML/CSS and JavaScript, Jquery. Contact form handling with Firebase.
